

Plastic Cylinder Machines(PVC,PET Clear Cylinder)

- [CN-A200 Automatic For Cylinder Making](#) (Gluing & Ultrasonic Welding)
- [CN-S200 Manual Cylinder Machine](#) (Only Gluing)
- [CN-E200 Cylinder Edge Curling Machine](#) 2 station & 4 Station
- [CN-X200 Cylinder Bottom Welding Machine](#) (Ultrasonic Bottom Welding)

Custom Service	Fast Delivery	Factory View	INTEGRITY

CN-A200 Plastic Cylinder Machine(PVC,PET Clear Cylinder)

**Mainly Parameters :**

Standard Configuration	
Model & Name	CN-A200 (Automatic)
Cylinder Diameter	40-200MM
Max Cylinder Length	10-3000MM
Material Thickness	0.2-0.5MM
Working Way	Ultrasonic welding/ Automatic Gluing
Welding Speed	500-800M/h(e.m. cut 100MM/time)
Machine Size	4200*900*1400 mm
Machine Weight	300KG

CN-S200 Manual Cylinder Machine:

**Standard Configuration**

Model & Name	CN-S200 (Semi-Auto)
Cylinder Diameter	45-200MM
Max Cylinder Length	380MM
Material Thickness	0.2-1.0MM
Working Way	Automatic Gluing
Welding Speed	500-800pcs/hour
Machine Size	L900*W800*H1600MM
Machine Weight	150KG

CN-E200 Cylinder Edge Curling Machines (2 Station & 4 Station)

Standard Configuration	
Model & Name	CN-E200
Folding Diameter	20-220MM
Folding Height	10-360MM
Power	3KW
Welding Speed	20-40pcs/min
Machine size:	L1300*700*1300MM
Weight	250/300KG

CN-X200 Cylinder Bottom Welding Machine:

Model & Name	CN-X200
Power	220V/50HZ/3200W
Welding Diameter	30-200MM
Suitable Tube Height	20-400MM
Working Speed	1800pcs/Hour
Machine Size	1100*500*1700MM
Machine Weight	260KG
